Dear Members,

I humbly express my immense gratitude for the support and trust given to me by CMA fraternity.

With the commencement of 2017-18, CMA has entered into its second half of the century. Because of the continuous efforts put in during the previous 50 years, CMA fraternity is developing maturely. Throughout the last year numerous different activities were successfully organized and I, as the Secretary General - CMA, had valuable experiences. I was able to learn a great deal, the most important one is to work as a team and having the same goal to achieve.

I feel delighted to share that this year also took off with an enthusiastic start. The hall where panel discussion on One Nation-One Tax "Know more about GST" was held was jam packed with turnout of more than 70 members.

Encouraging cent per cent attendance and the proactive participation in the first EC meeting pumped a new zeal into CMA engine. I am sure with the association of more than 650 members, CMA would achieve greater heights.

Lastly, I promise to work hard to further the cause of management profession.

We all do better when we work together. Our differences do matter, but our common humanity matters more. - *Bill Clinton*
Long Live CMA!

Thanks and Regards,
Deepak K Dhingra,
President (2017-18)
